15h00 - 15h15	Tea Break	
Time	Authors	Title of Paper
15h15 - 16h15	Kaholongo Lukas, Lutaaya Emmanuel and Kahumba Absalom:	Growth rate and biomass yield of selected indigenous forage legumes in central Namibia
16h15 - 16h30	Question and answer session	

Thematic area: Water		
Venue 2:		
Facilitator: Dr Elsabe Julies, Biological Sciences, University of Namibia		
Time	Authors	Title of Paper
14h00 - 14h45	Enkono Angula Nahas and Mosimane Alfons Wabahe:	Water provision to rural communities through community based management
	Gottlieb Ruusa, Seely, Mary and Vogt, Roland:	Fog and Life: Making the link
	Hamutoko J. Tulimevava, Uugulu Shoopala and Heike Wanke:	Use of environmental isotopes to understand groundwater recharge processes in Namibia
	Julies Elsabe, Pool Edmund and Faul Andre	Implementation of biomarker assays to monitor contaminants of emerging concern in water sources
14h45 - 15h00	Question and answer session	
15h00 - 15h15	Tea Break	
Time	Authors	Title of Paper
15h15 - 16h30	Kgabi Nnenesi:	Investigation of Namibian Atmospheric Conditions and their Implications on Intensity and Frequency of Precipitation
	Mabuku M. Patrina, Senzanje Aidan and Mudhara Maxwel :	Rural households' flood disaster preparedness: a comparative study of cases from Zambia and Namibia
	Masule N. Libuku, Wanke Heike and Mbako Liana :	Isotope hydrological study in the Lower Swakop River, Namibia
	Mundia Lisho Christoph:	Development of a GIS - Based Support Tool for Integrated Water Resources Management in Zambezi Catchment Area within Zambezi Region, Namibia
	Nel Lezel Ruanda:	Mining Impacts Water Resources Sector
16h30 - 16h45	Question and answer session	

Thematic area: Energy		
Venue 3:		
Facilitator: Dr Zivayi Chiguvare, Director of the Namibia Energy Institute, Polytechnic of Namibia		
Time	Authors	Title of Paper
14h00 - 14h45	L.S. Daniel H. Nauyoma G. Likukela and V. Uahengo:	Percolation threshold found for electrical resistivity of silvernano particles/zirconia composite thin films fabricated by molecular precursor method (MPM).
	Gope Gideon, Reju Sunday A, and Shilongo Epafras Penda:	Geomagnetic Disturbance Monitoring and Modelling in Namibia
	Nel Lezel Ruanda:	Gas Exploration self-sustainability
14h45 - 15h00	Question and answer session	
15h00 - 15h15	Tea Break	
Thematic area: Space science		
Venue 3:		
Facilitator: Mr Lameck Mwewa, School of Natural Resources and Spatial Sciences, Polytechnic of Namibia		
Time	Authors	Title of Paper
15h15 - 15h30	Backes Michael: Steenkamp Riaan and Eli Kasai:	Astronomy in Namibia - A Status Report
15h30 - 15h35	Question and answer session	

Thematic area: Environment and Tourism		
Venue 4:		
Facilitator: Dr Sem Shikongo		
Time	Authors	Title of Paper
14h00 - 14h45	Fabiano E. Chimbioputo, Marker Laurie and Eizirik Eduardo:	Comparing cheetah density derived using non-spatial and spatial methods.
	Iiyambo N. Kandali, Kirchhof Sebastian and Murray Ian:	Climate change and the ecology and physiology of Namib Desert lizards
	J.N. Kandume and Professor C. Skarpe	Sexual segregation in foraging of greater kudu (<i>Tragelaphus strepsiceros</i>) in a heterogeneous savanna, in Chobe National Park, Botswana
14h45 - 15h00	Question and answer session	
15h00 - 15h15	Tea Break
